

iLEAD

iLead is Youth Scotland's social development journey for young people offering great opportunities to get involved in everyday leadership.

ENGAGE in a range of learning activities, be **INSPIRED** to take a lead in your life and community, be **EMPOWERED** to turn your ideas into social action and **ADVANCE** as a peer educator and young leader of others.

iLead Engage

The entry stage of the iLead Programme. It can be a one day experience or series of individual workshops, where we build an iLead Inspiration Day to suit the needs of young people, their group and outcomes.

iLead Inspire

The 2nd stage of the iLead Programme and the main step in the everyday leadership framework. A two day course which can be delivered in two days, evenings or weekends. Young people will be supported to explore leadership and be inspired to take the lead on activities within their own youth group/project.

iLead Empower

The 3rd stage of the iLead Programme and the next step in the everyday leadership framework. We cover the next steps of young people's leadership journey, giving them the opportunity to put their skills and knowledge into action by delivering activities in their own group/project and local community.

iLead Advance

The 4th stage of the iLead Programme and the last step in the everyday leadership framework. At this stage young people will undertake a more structured learning programme, be skilled at a higher level as leaders and be given the opportunity to put their leadership skills into practice. They will also be given tailored mentoring, support, training and accreditation throughout their journey.

Get involved in everyday leadership now!

iLead Engage and Inspire have launched already, with Empower and Advance coming this autumn. You can get involved now by contacting us at iLead@youthscotland.org.uk
